

Sheridan Lakes Home Owners Association

Advanced Property Management: 1978 US1 Suite 106 Rockledge, FL 32955

Phone: 321-636-4889 Fax 321-636-4891 Email: assistant2@apmfla.com

Sheridan Lakes Homeowners are responsible for purchasing their own remotes. The HOA does not provide them. If you would like to purchase a remote transponder they are available at Florida Door Control in Melbourne. 321-254-8011 (Parts) or online at several resellers.

You must purchase the DT418 Elite One-button remote or compatible device. The Stingray 418 one button device is an example of a compatible device that works with the Sheridan Lakes system. These can be purchased online at several sites. The 5 digit serial number can be found on the device. The serial number must be between 00003 and 65405 to work in the DKS system.

The gate system for Sheridan Lakes uses a remote transponder. To register and activate your devices, please provide the 5 digit serial number found on the back of each remote. If you cannot find the remote serial number open the remote and look inside the cover by the battery for the number. We must have the 5 digit serial number to program your remote into the gate system. **Only devices listed will be programmed into the gate** Maximum 4 remotes per address

You must select a **4 digit keypad access code**. To use your code you will need to press the # button followed by the 4 digit numeric code. Example: #1234.

Please provide the following information in an email to assistant2@apmfla.com
